

ARS™ 2x8 Anchor Dacromet

ARS Series

The industries No.1 permanent fall protection anchor and our top seller for wood framed top chords. Dacromet coated ARS anchors are highly resistant to corrosion passing a 1,000hr salt spray test. We introduced dacromet anchors to reduce the cost of stainless steel and still provide an high degree of corrosion resistance. Mfg. with 11ga steel for extra strength.

Features

- 5,000lb min. tensile strength
- 11ga dacromet* coated steel
- Fall arrest/fall restraint
- Single person anchor
- Waterproof flashing system
- Single bolt attachment *1000hr salt spray test
