

DESCRIPTION

ClimbTech 5,000-lbf (22kN) End Termination Plate

The CT-MATP end termination plate is designed to be used with Kernmantle rope between 7/16" and 3/4" (11mm-19mm) or 5/8" to 3/4" (16mm-19mm) three strand rope. Depending on the standards of the job site, termination plates may be required when factory rope terminations are not already present. End termination plates are an effective way to make compliant terminations.
