

Anchors Retro-Flash

OVERVIEW

The Retro-Flash system is specially designed for installing Super Anchor Safety D-Minus and RS-10 anchors over the top of existing asphalt shingles. Anchors may be attached directly to a top chord or through existing sheathing into the Retro-Flash backer board. The Retro-Flash is made of 20gauge Dacromet coated steel and can be painted to match the color of the roofing.

- Anchor installation specifications for 1 or 2 layers of asphalt shingles.
- Install into Top Chord or through sheathing
- Compatible with D-Minus anchor No.1075 and RS-10 No.2813
