

Parapet Wall Anchor

Parapet Wall Anchor

A SAS exclusive design, our No.1097 Parapet Wall Anchor offers features not found in other wall clamps. Easily adjusts to varying wall thickness with 12 different positions and fitted with SAS No.1090 cast loop top. Compatible with many guardrail systems, our clamp features two 5/8" bolts with welded nuts that provide a strong compression lock to hold guardrail stanchions in place with the twist of a wrench.
