

# HLL Rope Kit

## HLL Rope Kit

No.1325 HLL Rope Kit is manufactured with Double-Braid kernmantle type rope and includes a rope tension adjuster with a factory attached energy absorber. The HLL kit includes 3ea connector rings, tension tool and 2 heavy duty 3" wide double D-ring Tie-off straps for loop or cinch attachment to a supporting structure. Rated for 2 to 3 workers depending on fall arrest or fall restraint and the type of HLL end anchors used. Order optional No.4015-VLL all-directional rope grab to lock position anywhere on the HLL rope. Compatible end anchors are sold separately.

No.4015-VLL Value Grab wo/Snap Hook
