

Fall Arrester™ Front D-ring Harness

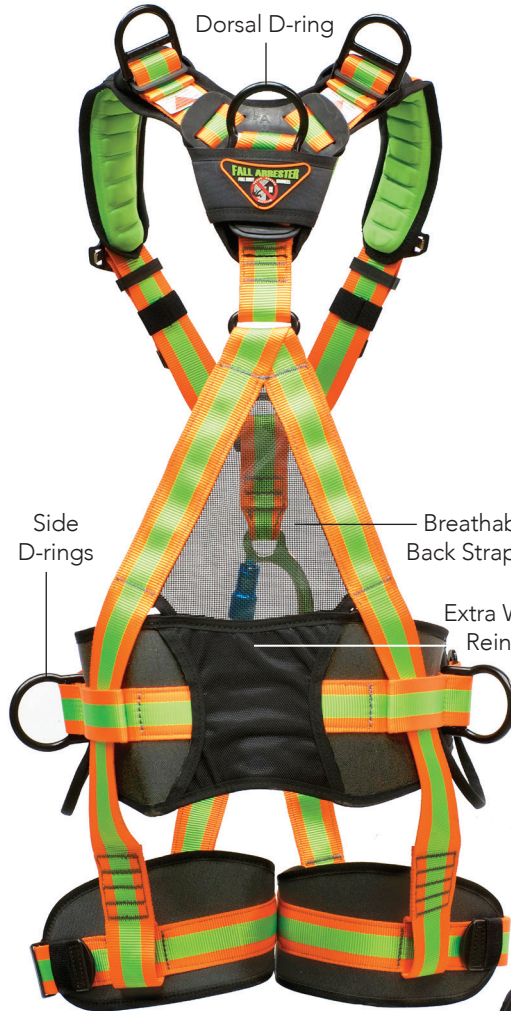

Mfg. with heavy duty EVA 5/8" [15mm] thick waterproof foam padding covered with stretch fabric and mfg. to Rockwell 28 hardness for firm support. The waist belt, shoulder straps, and leg straps are backed with a second layer of 5/32" [4mm] waterproof padding making this harness extremely durable and comfortable to wear.

Shoulder Strap D-rings with Hide-away Elastic Keepers

Shoulder strap D-rings are designed for rescue and limited access. Elastic keepers are used to store the D-rings when not in use.
