

# Waist Belts

Tri-Lam3™ padded waist belts can be used with 2" wide utility belts mfg. by SAS or belts mfg. by others. Waist belts are mfg. with hook/loop closure and a continuous loop strip compatible with accessories mfg. with a hook strip. Belts are individually sized to fit your waist. Use with other All-Pakka® or Ultra-Viz™ accessories to build a personalized tool belt system

## No. 6408 Heavy Duty Waist Belt

We attach 4" lift sling webbing to our Tri-Lam3™ padding to produce a very strong waist belt with 2 forged D-rings. Use for applications where tie-off is required but workers are not exposed to a free fall.
