No.1326-CS

Connector Sleeve

Buckle End

Connector Sleeve

Material handling such as loading roofing materials can cause premature wear of a harnesses leg straps. No.1326-CS is a polyester protective sleeve that slides over the leg straps prolonging the harnesses service life. Installs easily on any harness and is held in place with a hook and loop cinch strap. Imported

Leg Strap Compatibility

- Deluxe™ harness padded leg straps
- Pro-Deluxe™ padded leg straps
- All Tongue Buckle leg straps
- All 1-3/4" wide leg strap webbing

Connector sleeve covers leg straps and buckles preventing abrasion to the leg strap webbing

Installation

Pre-adjust both leg straps to the desired length and insert leg strap thru the sleeve with cinch strap on the buckle end.

Don the harness and connect the leg strap buckle.

Pull the sleeve over leg strap covering the leg strap buckle.

Wrap the cinch strap hook/loop tightly above the leg strap buckle to hold the sleeve in place.

Replace connector sleeves as necessary.
