

# Deluxe Harness + All-Pakka™ Tool Bag Combo

## No.6151

Combine the Deluxe Harness with our durable All-Pakka™ tool bag combo to provide the ultimate in fall protection and utility. Our All-Pakka™ tool bags are an industry standard designed for use by framing, roofing, siding and other construction trades. To ensure quality and durability, this harness design was field-tested for over 2 years. Each harness is supplied with a 2 and 3 pouch tool bag, hammer holder and heavy-duty utility belt to match the harness size. Tool bags and belts can be purchased separately.

## All-Pakka™ Tool Bag Features

- Mfg. with 900d x 900d laminated polyester fabric with an interior PVC coating
