

All-Pakka™ Tool Bag Combo/Waist Belt

All-Pakka™ Tool Bag Combo is a popular industry standard design that incorporates a padded waist belt, utility belt, tool bags and hammer holder. Widely used by most construction trades in one form or another. Our waist belts are mfg. with TRI-LAM3™ solid core foam padding that does not absorb water and sized to fit without modification. Overlapping hook/loop closure provides a snug fit that stays in place and is super comfortable. A high quality extremely durable tool bag system.

Features

- All-Pakka™ tool bags and hammer holder
- 100% polyester materials
- TRI-LAM3™ full padded overlapping hook/loop waist belt
- Continuous loop stabilizer strip engages tool bag hook strip
- Retail box
