## Ordering Information

| Part No. | Part Name         | Fasteners | wt/lb |
|----------|-------------------|-----------|-------|
| 1095     | 2pc Ladder Leash™ | SST nails | 1     |

**Installation**  
Attach nail plate thru sheathing into a top chord on each side of the ladder location.

Install roofing over the nail plate to provide a temporary ladder anchor to prevent unwanted movement.

Remove by tapping the angle edge of the nail plate and reuse on the next project.
