

# RS™ Series Anchors

## Retro-Fit

Designed as a permanent fall protection anchor installed onto the ridge to provide tie-off on both sides. Includes 4-1/2" butyl strips and 3" spiral shank sst nails. Dacromet coated D-rings have a 1000hr salt test rating and resist oxidation better than zinc plated. All anchors include English/Spanish instruction manuals.

**Compliance:** ANSI Z359.1 / OSHA 1926.502

**Canada Export :** Certified by a member of l'Ordre des ingénieurs du Québec
