

# Total Package™ Value Series

## Total Package Value Series

A complete fall protection system with high quality components and one of our top sellers since it was first offered over 20 years ago. The Value Series kits are supplied with a poly-dacron lifeline with your choice of a mechanical or non-mechanical rope grab, a Fall Arrester 5 point full body harness, an Ultra-Lite™ energy absorber, and the Hinge2 reusable anchor with nail pack. We have upgraded many of the kit contents to provide an even higher quality product. Assembled at our factory in Monroe, WA. Maximum user wt 310lb
