

Max-X™ X-Line Fall Protection Kit

X-Line + Pneumatic Air Line with Super Grab™

No. 4075

A complete fall protection kit that features our patented X-Line lifeline with integral pneumatic air line. The two component integration reduces tripping hazards by eliminating the need for a separate air line. Ideal for roofers, framers, siders and other trades that require fall protection and use air driven tools. The Super Anchor Safety SuperGrab bi-directional locking non-mechanical rope grab with built in fall indicator is also included in this kit.

Features:

- No. 6069 Value 5 point full body Harness with Hi-Viz webbing, Belan buckles and elastic webbing keepers
- No. 6180 Energy Absorber with snap hook 900lb max arrest force, 42" deployment
- No.4015 SuperGrab with No. 5006-Z aluminum auto-lock carabiner
- X-Line 12 Strand poly-dac with snap hook and aluminum swage
 - 1/4" reinforced polyester air line with 1/2" NPT brass re-useable fittings and bend restrictors
 - 6ft and 4 ft air line leads
 - 3,600lb gate strength connectors
- Serial numbered components
