

Value™ Fall Protection Lifelines

Aluminum Swage with PVC cover

Retail Box

2018 20 page English/Spanish Manual

Value Lifeline

The Value Lifeline is a poly-dacron lifeline that is more supple than co-polymer and an industry standard for fall protection. Supplied with a 3,600lb gate strength snap hook terminated with an aluminum swage that will not unravel. Available in four standard rope lengths with or without rope grabs. Custom length options available.

Specifications:

- 5/8" (16mm) 3-strand poly-dacron
- 9,700lb min. tensile strength
- 1 person maximum user wt. 340lb
- Maximum elongation wet or dry 4%@1800lb
- Compatible with all Super Anchor Safety rope grabs and fall arresters
- Complies with ANSI-Z359.1-07 and OSHA 1926.502
